1. Comment by the General Public: Pursuant to NRS 241.020(2)(D)(3)(I & II) this time is devoted to comments by the general public and discussion of those comments. No action may be taken upon a matter raised under this item until the matter has been included on a successive agenda pursuant to the required procedures at discretion of the City in accordance with applicable law and identified as in action. **(Non-Action Item)**

A. *Mayor Dana Holbrook: I would like to make a comment that we did have a fire at the Sparks house last night I see there are some go fund me accounts and some donations being taken around town positive saying that the citizens of Carlin we're here to help Carlinites and the fire department, everybody responded nobody was hurt. So it's a sad time but a good time for Carlin to remember that we have neighbors that has some problems. So that covers my point.*

B. *Thomas Burney: Thomas Burney for the record 317 Main to build on what you was talking about there Mister Mayor, the community and helping each other out and stuff like that I'm a little concerned here if we have missed a council meeting for good reasons I understand that, but in point of fact you know there is one item here, there is three (3) businesses here that closed last month one of them that comes immediately to mind is Scott's. I am very aware that there are people in this town that cannot afford to get to Elko. The seniors got a bus there are people in this town that are going to be lacking access to Fresh Produce and other amenities because*

they cannot afford it. I literally am aware in the past people have mentioned to me I haven't been to Elko in six months, we can't afford to go. You missed it but I have accused this board of one thing and one thing only in spite of all my other irritation, aggravation, and unhappiness. The only other thing I have accused this board of is a lack of imagination. We got seniors up there with two buses. Maybe the City needs to own one of those buses and guarantee to use it as a backup for the city council, I don't know if that can be done, that is not my place necessarily to go do that unless I am directed to by a city council, appoint one of the council, to find out what you need to find out. When that originally came about when I originally made that statement we wouldn't have a pool in this town, I'm told that we're the only town on Interstate 80 in the State of Nevada that does not have a swimming pool. There were reasons stated for that, the construction to purchase for pool was not a reason why we didn't have a pool I was told that we don't have a pool because we cannot afford the insurance be that as it may or not that is just what I was told in point of fact there was no excuse for why we don't have a summer bus for these kids to get to town to go swimming. If we are not going to have a swimming pool here imagination how many buses we see go by here empty in the morning from the mines they from Elko pick up here take people out to the mines come back into town dump people off and drive back to Elko empty. Shouldn't somebody be touching base with the bus company, what you can do for us and what it is going to cost? We also low and behold we have sometime called Get My Ride they have been twice on the news the last 2 weeks they aint in the phonebook there is no way to contact them without going to the Frontier information and you get a you know a City and State that you want how to get ahold of them, you call down there and the phone rings and rings and rings. A message comes on that says we are here until 5:30; it is a quarter after three. They are running scheduled buses to Spring Creek hang on a minute it is almost as far from downtown Elko to Spring Creek as it is to Carlin and it is all flat, so I am going to bet you that it probably cost less money to run a bus here we are paying taxes into that county transportation system. Hello what are we doing and I get it we are all busy and stuff like that and but this is kind of the point, we are all in this together. If I wasn't here standing telling you about this you would be going home tonight not knowing wouldn't you. I'm not meaning that as a fault I'm not. It takes all of us. There has been some other stuff you know, continuing issues hum and some new ones, low and behold it has gotten to the point where I am kind of developing the perception that the community of Carlin is considered a support for the City of Carlin it is supposed to be the other way around. The City of Carlin is supposed to be supporting this community. I think we are a little bit shy of the mark. I'm not going to say this out now but if I look over the last five years and what I can point to that this City has done for this community versus 2 police cars, road graders that put in 6 or 8 hours service in a year, a dozen different things it is not sorting out like I think it should.

- C. *Thomas Burney: We can do better we can all do better. And I include myself in that. And if that is the case of you know the mayor and the council appoint a committee to go and look at something even if it's a committee of one, Mr. Burney you go ask Get My Ride, how come we're not here or if I want to be polite I'll say what have you*

- done to see to it to the city service for the tax payers of Carlin I'd have to get some direction to be polite I think I'm annoyed, I'm annoyed*
- D. *Mayor Dana Holbrook: I usually don't like to comment on public comment but I will respond to a certain.*
- E. *City Manager David Jones: I don't think you can legally comment*
- F. *Thomas Burney: you can't, you can't, you can't vote on anything,*
- G. *Mayor Dana Holbrook: Okay*
- H. *Thomas Burney: I think we can have discussion back and forth.*
- I. *Not an agenda item.*
- J. *City Manager David Jones: it is not agenzized.*
- K. *Dana Holbrook: it is just public comment.*
- L. *No disrespect*
- M. *Thomas Burney: Okay I get it okay.*
- N. *Mayor Dana Holbrook: I know you usually do, we, I would appreciate it if you would state your name, any other genera comments.*
- O. *Donnetta Skinner: I got a comment please, you haven't heard from me in a while, I got a phone call the other day that I was really please about because it was kind of hard to close down our grocery store I mean we had several emotional day that we didn't think we was going to survive it through there it was really hard to do but I got a phone call from one of the people working on the project and our new grocery store will be built on the other side of our Family Dollar Store and so thank goodness for that it will be done by June and so we're going to have a grocery store again. So I am really thankful for that. I can't tell you how hard it was to leave the store and know there was nothing there and know there wasn't going to be anything there for a while and hum I have had phone call after phone call about it from people saying I can't go to town and have no way to go to town and I can't do anything about it you know there's nothing you can do except can I get it for you and that's about it I'm really glad to be able to tell you that this news has been really important for me to get this news because it made me feel like that it wasn't such a bad thing that we did after all. So just wanted you to know that it's coming it should be here in June and very excited about doing it so I think we are going to be okay after all, thank you.*
- P. *Councilperson Jay Duke: Thanks Donnetta.*
- Q. *Mayor Dana Holbrook: any other public comment.*
- R. *Doug Martin: Mr. Mayor, I see you been appointed city councilman I'm or elected rather excuse me. I'm wondering if you could inform us how that issue possible can be resolved.*
- S. *City Manager David Jones: This is public comment.*
- T. *Mayor Dana Holbrook: It's public comment.*
- U. *Doug Martin: You can't comment on the possible ways that it can be resolved, is that correct.*
- V. *Mayor Dana Holbrook: Yes, well I am not going to comment*
- W. *City Manager David Jones: After the meeting.*
- X. *Mayor Dana Holbrook: After the meeting, yes Doug I will be glad to discuss it then with you.*
- Y. *Doug Martin: okay*

- Z. *Mayor Dana Holbrook: Thank you Jay.*
- AA. *Fred Montes De Oca: Fred Montes De Oca for the record I was listening to these people talk a little bit about them getting that bus over from Elko but I don't know if everyone is aware that the senior center bus goes over to Elko on Thursdays after their lunch so that is a good way for people to shop for whatever they want to shop for, get ahold of the seniors and I'm sure that that they will take them over there but I don't know, you know I don't know how many people can go on that bus but I always hear that there is times that nobody is on the bus.*
- BB. *Fred Montes De Oca: So you might pass it on.*
- CC. *Thomas Burney: If you can't respond I did address that while I was speaking, if you're not a senior you cannot ride the bus.*
- DD. *Fred Montes De Oca: I don't know if that is true or not because people go up there that are not seniors to eat so I, I don't know.*
- EE. *Mayor Dana Holbrook: Alright any other public comments? Alright let's move on to agenda item #2*
2. **Public Comment may be taken prior to any Discussion Being Taken by the Council:** Review, discussion and possible approval to appoint Donnetta Skinner to the Carlin Planning Commission and all related matters. **(Possible Action Item)**
- A. *Vice Mayor Lincoln Litchfield: The Planning Board met on last Wednesday I was sick I came in just to get my opinion, to say that I felt it was an honor that Donnetta had applied for the Planning Commission and I will say it here and I had to go home because I was sick but Donnetta has been a Liaison to the Planning Commission, she is very proactive in the community, and whenever she speaks she know what she is going to talk about so she is very particular on it, and I think she's going to be an excellent addition to the Planning Commission.*
- B. *Mayor Dana Holbrook: I would like to commit that anytime anyone is willing to volunteer their time to the City it is greatly appreciated. Thank you for people that apply to these positions we need everybody to work together.*
- C. *Councilperson Bob DeMars: So does that mean that Mike Tangreen is off the Planning Commission and she is going to take that seat?*
- D. *Mayor Dana Holbrook: Yes, yes Mike Tangreen resigned.*
- E. *Councilperson Pam Griswold: I think that there is one more seat to be to be filled isn't there?*
- F. *Anna Dean: Anna Dean and everybody on the Planning Board voted for Donnetta to come on.*
- G. *Mayor Dana Holbrook: Alright.*
- H. *Vice Mayor Lincoln Litchfield: I would like to make a motion to approve the appointment of Donnetta Skinner to the Planning, Carlin Planning Commission and all related matters.*

- N. *Councilperson Bob DeMars: I*
- O. *Mayor Dana Holbrook: I, motion passes.*

- P. Lincoln Litchfield: Thank you.*
- Q. Mayor Dana Holbrook: Yes, thank you Donnetta.*
- R. Vice Mayor Lincoln Litchfield: Ya, I work ahead of you now.*
- S. Mayor Dana Holbrook let's move on to agenda item number three.*

- B. Vice Mayor Lincoln Litchfield: They look good to me.*
- C. Councilperson Bob DeMars: I will make a motion for the approval of the minutes 9/14/2016 and all related matters.*
- D. Vice Mayor Lincoln Litchfield: I will second.*
- E. Mayor Dana Holbrook: All in Favor?*
- F. Vice Mayor Lincoln Litchfield: I*
- G. Councilperson Jay Duke: I*
- H. Councilperson Pam Griswold: I*

- A. Mayor Dana Holbrook: I have looked over them and I did not see anything that I was concerned about, good to me.*

- C. Councilperson Pam Griswold: Second.*
- D. Mayor Dana Holbrook: All in Favor?*
- E. Vice Mayor Lincoln Litchfield: I*
- F. Councilperson Jay Duke: I*
- G. Councilperson Pam Griswold: I*
- H. Councilperson Bob DeMars: I*
- I. Mayor Dana Holbrook: I, and motion passed—alright now we'll move to agenda item #5*

5. **City Council Members' Reports. (Non-Action Item)**

- A. Mayor Dana Holbrook: Bob.*
- B. Councilperson Bob DeMars: So we have one more meeting left, I wanted to thank everybody for the great year and great term that I served, I will be here for the next meeting in December whenever it is, but I want to wish everybody a Happy Thanksgiving.*
- C. Mayor Dana Holbrook: Jay.*
- D. Councilperson Jay Duke: Yes, what do you have to say about NNRDA and GAC.*
- E. Mayor Dana Holbrook: Well, I will tell you.*
- F. Councilperson Jay Duke: Thank you.*

- G. Mayor Dana Holbrook: GAC meeting.
- H. Councilperson Jay Duke Government of America meeting.
- I. Mayor Dana Holbrook: Government Committee meeting was rather short.
- J. Councilperson Jay Duke: I bet it was.
- K. Mayor Dana Holbrook: There was very little discussion because they were all in the NNRDA meeting that come up next which was where they were discussing Doctor Whites.
- L. Councilperson Jay Duke: Curtis.
- M. Mayor Dana Holbrook: Curtis, Doctor Curtis, his resignation as president of Great Basin College and they were looking at comments from the board if they had any recommendations to fill his position which nobody really had any real recommendations and they are looking at filling that position going into the start of the year after they have had elections they will have 5 members to be filled so they are going to start working on it as soon as they can but it is going to be a slow process you can tell so maybe into the fall session before that's actually filled.
- N. Councilperson Jay Duke: Ya, they had a couple of regents that where being replaced, Kevin Melcher, did he get replaced, do you know.
- O. Mayor Dana Holbrook: I did not hear on that, it was before I arrived, it will be hard getting Doctor Curtis replaced, Great Basin College is a great asset to us.
- P. Councilperson Jay Duke: He did so much and I don't know if they talked about it but I know he was moving the college towards a state designation and getting away from the community designation which gives the local environment a much more control over the degree programs and actually financing as well. The approval process is cut in half and not that is a good or bad thing it is just a process so it holds up programs is what happens.
- Q. Mayor Dana Holbrook: they did touch on that and they said that they did not vote on that this year, that they did not have the votes to move that forward.
- R. Councilperson Jay Duke: Different board now anyways, thanks for attending that for me.
- S. Mayor Dana Holbrook: It was very interesting, alright I will just move on to my comment, we had our meeting about two weeks ago with a Get My Ride, Abby Wheeler, and I will have David do more but we actually had a meeting a couple of weeks ago, we had a meeting yesterday on trying to get some grants and Get My Ride program going for Carlin or something similar so that we with the store going down it is a priority that we get something going to get people more rides back and forth to Elko, if that is if we can get that going it will be for everybody not just seniors there are some issues with non-seniors riding the bus that we touched on so we are working on that.
- T. Thomas Burney: So the last issue would be communication when are they going to be in the phone book, they do tell you that you can go on line or you can go on face book and stuff like that, you know this idea that we all are face booking I know a lot of City communications from Public works and stuff goes on Facebook lot of us don't do that and I am not going to.
- U. Mayor Dana Holbrook: I know that she commented that there was only two veterans right now in Carlin that has been utilizing that service sense she thought it was very underutilized for Carlin, so there again we talked a little bit about the community we got to get the communication out that there is that service available.
- V. Thomas Burney: That has been an ongoing sore point for a lot of issues in the City's communication, myself I consider number one.
- W. Mayor Dana Holbrook: Right so we are addressing that.
- X. Thomas Burney: I appreciate that.

- Y. Mayor Dana Holbrook: Hopefully we will get thing out there sooner than later, I know personally it's a hardship the store and going in and getting it and I have a ride, my wife works in town and I cannot imagine the people that don't have ready access to the store.*
- Z. Thomas Burney: Quite frankly it's been dominoes sense the bank left I know I have been told how much the store was hurting when the bank closed because people now had to go to Elko, I have to go to Elko for my bank business, but I have to go there it is what it is.*
- AA. Mayor Dana Holbrook: As Donnetta mentioned there is very positive news.*
- BB. Thomas Burney: Awesome.*
- CC. Mayor Dana Holbrook: Yes.*
- DD. Thomas Burney: Awesome news is also not getting out.*
- EE. Mayor Dana Holbrook: Ya, so I thought that one had because boy I heard it and everybody I talked to already heard it, so ya hopefully that it, goes smoothly and fast.*
- FF. Councilperson Jay Duke: I think people has to be cautious until you sign on the dotted line and not get their hopes up so through that process and going back to Get My Ride I think the process has been initiated so there is a time frame there that needs to happen so allow that to happen.*
- GG. Thomas Burney: Some of was here the night that FedEx was all set and ready to go on the business part and the next morning they moved to Elko.*
- HH. Mayor Dana Holbrook: Right.*
- II. Thomas Burney: I think you was on the board then I couldn't say for sure it is a little fuzzy but Cliff Eklund was here and that guy from FedEx stood right at that microphone and we're going to sign first thing in the morning, we are taking that piece of property up there all the stuff it is just perfect and the next morning they moved it to Elko, literally the next morning.*
- JJ. Mayor Dana Holbrook: But we all move forward with a positive attitude I think it will happen I am very positive on this one, alright Lincoln.*
- KK. Vice Mayor Lincoln Litchfield: Like I said I was ill for the Planning Commission so I'm going to defer my time to Anna Dean, seen how she is our co-chairman, our vice chairman on the Planning Commission so I am going to defer my time to her.*
- LL. Anna Dean: Well, we worked some more on Title 3, I think we have three or four more chapters to go to review and then maybe a quick review through them again.*
- MM. Vice Mayor Lincoln Litchfield: They are shorter chapters too, we got the big one out of the way, thank goodness.*
- NN. Anna Dean: Ya, and these are the shorter ones, and what we are doing is correcting, making sure everything is correct and so that when is does goes to the printers its, less money if everything's correct probably so, it's alright we've been working on them at least an hour every meeting.*
- OO. Mayor Dana Holbrook: You will have more help now.*
- PP. Anna Dean: Yes we will.*
- QQ. Vice Mayor Lincoln Litchfield: The less mistakes the Codifiers have to change the less it costs us so it's good, the work is very appreciated.*
- RR. Mayor Dana Holbrook: Pam.*
- SS. Councilperson Pam Griswold: Lila Sexton and I are no longer at the dump until next spring, we figured it's getting chilly enough now that people are just not working on their yard and bringing stuff in so we kind a figured we would do it again in October, hopefully we will do it again with public works with their okay after the cleanup, it just seems like it just rolls really good once that dump is open for a week that they know they can go down on Saturdays, but*

we do plan on doing it again next year, we had a very good turnout for it. The Senior Center had their bingo and their turkey shoot, in the past the bingo had always been done by the Church, this year the Senior's board decided to bring it all in house so everything stays at the Senior Center, it's very nice because everything was donated so the Senior Center did not have to buy anything so everything they made stayed directly at the Senior Center they had a good turn out, you was there.

TT. Mayor Dana Holbrook: It didn't all stay there because my wife pretty well rolled the finger guys some, I was.

UU. Councilperson Pam Griswold: See all the things was donated so there was nothing bought for the bingo prizes and all the money your wife donated to the bingo cards stayed at the Senior Center, so we should have made some money and we appreciate her donations.

VV. Mayor Dana Holbrook: She enjoyed herself.

WW. Councilperson Pam Griswold: She was hot that is why I told them I said the way she is winning you need to take her to the Red Lion and get on the 21 table cause she is cooking and for right now that is pretty much open because my other board meetings are coming up after this one.

XX. Mayor Dana Holbrook: LaDawn, we will go to the next agenda item that you speak on.

6. City Clerk's Report. **(Non-Action Item)**

A. City Clerk LaDawn Lawson: The election went well, I think everything went very positive and very well the election committee did a very good job, I am thankful for them, they really help out, and the auditors I believe the audit is going along quit well, they've had us do a lot of work and they are still having us do a lot of work, driving us crazy, it has been about two weeks now and they are starting to get on my nerves. I think it is positive and so we're just trying to get through this and get the audit going and everything else I think is running pretty good in my office so, knock on wood.

B. Mayor Dana Holbrook: How much longer is this audit?

C. City Clerk LaDawn Lawson: How much longer, I am thinking probably a week, maybe two to three weeks, but I don't think they are going to be out here for two or three weeks the will be in town.

D. Councilperson Jay Duke: You think they are about 50% done then you think.

E. City Clerk LaDawn Lawson: I am thinking so, we have upgraded to the software from Clarity to Connect we do have a few glitches and some of the problems have been inside the software and so we're working with Caselle to get these fixed to get the current numbers to the auditors and that slowed the audit down somewhat.

F. Mayor Dana Holbrook: Thank you, thank you for all the help during the elections too.

G. City Clerk LaDawn Lawson: Thank you.

H. Mayor Dan Holbrook: Alright we'll move onto the next agenda item the City Manager Report, David.

7. City Manager's Report. **(Non-Action Item)**

A. City Manager David Jones: You know I really don't have anything.

B. Mayor Dana Holbrook: I know that we have met a couple of times, on rides so, alright then we'll move onto the next agenda item Carlin Police Department.

8. Carlin Police Department Report **(Non-Action Item)**

- A. *No Report at this time.*
- C. *Mayor Dana Holbrook: Do not believe that there is anybody here for them, so next agenda item Carlin Fire Department.*

9. Carlin Fire Department Report (**Non-Action Item**)

- A. *No Report at this time.*
- B. *Mayor Dana Holbrook: No one there, they are probably resting up.*
- C. *Councilperson Pam Griswold: Do they know that Robert Jess gave his resignation?*
- D. *City Manager David Jones: Robert Jess is in Idaho with a new job?*
- E. *Councilperson Pam Griswold: So they know don't they.*
- F. *Mayor Dana Holbrook: Alright, we'll move on to agenda item #10.*

10. Comment by the General Public: Pursuant to NRS 241.020(2)(D)(3)(I & II) this time is devoted to comments by the general public and discussion of those comments. No action may be taken upon a matter raised under this item until the matter has been included on a successive agenda pursuant to the required procedures at discretion of the City in accordance with applicable law and identified as in action. (**Non-Action Item**)

- A. *Jon Gift for the record I just wanted to say thank you to Parks and Recs, Dave and the Carlin Public Works Department.*
- B. *Jon Gift: All this summer, I'm always in Dave's office and Carlos's office and they have been a tremendous help and want to say thank you for everything they have done for the outdoor area and helped us out back and forth, and I also want to say thank you to Bob and Jay, cause I know, but not everyone knows I have been on a public board and you spend a tremendous amount of hours and stuff basically you are donating your time, you know I just want to say thank you I appreciate what you guys have done for the last four years.*
- C. *Councilperson Jay Duke: Thank you John, appreciate that.*
- D. *Councilperson Bob DeMars: Thank you John.*
- E. *Jon Gift: That is all I have.*
- F. *Thomas Burney: Thomas Burney for the record, 317 Main, the alley continues to be an issue, it has actually gotten worse from a summer stuff maybe more signs are being stolen off the alley to include no trespassing signs people are, are, I had an officer stand there and look at what was going on and say obviously this is harassment, people are trespassing across the property that belongs to the storage unit, doing it when I am not home, so when I come back I see scooter tracks and brodies whenever they drive out of the alley circle back through the storage units I'm just getting tired of it you know there is no excuse for this it's deliberate, Jay you might not have been here but I related the story about the young gentlemen that was picked up by Officer Keegan Baty for racing across and I.*
- G. *Thomas Burney: Keegan, yes, they all look alike, but in point of fact that one thing I did not relay, that young man, I could not in good conscious say that he was the one that you know drove there before seven o'clock three times and stopped out by our house rapping his pipes, I didn't see him specifically but he did admit that he did it but you know he was talking to me, so I refuse to make an issue out of that, it wouldn't be honest the one thing that he did relay to me is yes he confirmed what a city official told me is that it's become a game in town, let's go down and annoy them people down there and so how do you classify that, is it gang activity, it's a concerted effort is it just the dust they like I say they come down the street just circle, drive up through there, the incident where the guy, I had twice spoken to an officer about him*

this has been last April, last, you know before spring, he was deliberately cutting across the property there with me standing there you know defying me to do anything he comes through one time and throws trash out in my yard and I describe the vehicle exactly to a tea, I never heard a word back, it has gotten so bad that not everybody in town as you know grinding on us, I had an acquaintance just a casual acquaintance walk up to me and say it's so and so that threw that trash I know exactly who it was, well the only way that this person could have known there was an issue, is if a policemen would have mentioned it to her, that person, but they won't talk to me, I've had somebody come up to me and say Mr. Burney, there in the hall way outside where the police glass is, I cannot describe to you how appalling it was to hear those officers and police people stand there in that office and say things that I refuse to repeat and laugh and making fun of you and saying just terrible, terrible thing, they should not be doing that, you know Jay I get it, you can't respond, it probably be a good idea if you didn't, I am not happy about this, people are thinking ill of me and yet there it is, they are not meeting my standards, you are aiding and abetting some of these little monster, you have done nothing and there has been some officers that have gone down there and made it an effort, I made the comment here, you don't have a police department but you do have some police men, I will be the very first one to say that, but you know, Dennis want to come up here and repeat to you those comments that he was a part of, would he come up here and put on the record some of those things, I have to admit, I don't know what was said but I trust the person that said this stuff and their a senior and they came from a time when they wouldn't repeat that stuff, so I don't expect them to and that is why I am not going to name them because I am not going to put them on the spot like that, but I am willing to bet that Dennis won't come up here and repeat some of the stuff that was said, so I don't know how you're going to deal with this, I, I've got some thought going on down the road on some stuff, I got a couple of meetings after thanksgiving, I'm going to go my own way, I've made myself available, I get it that you can't make comments, I thought you was able to ask questions in public comment, you know it's been done, maybe done wrongly, so whatever it doesn't matter, in point of fact, the opportunity that I have offered myself to sit down, let's discuss what happened here, let's figure out what we're going do and if something comes out of private meetings I don't feel it is a place for me to come do some of this stuff that I choose not to do because I don't think that this microphone is the appropriate place, I accused Dennis of being out of line when he did it to me, you know so, I am kind of disappointed cause we could have talked about some stuff, decided what we're going to bring to council, I think that might have been a lot better way to go, but I may be too late I don't know, thanks good night.

H. Mayor Dana Holbrook: Thanks for your comments.

I. Doug Martin: Doug Martin I just thought of something else, as Bush street goes out of town before it comes into SR 278, they had extended the twenty five mile an hour speed zone to the west another quarter a mile or so and along with that speed zone sign they put up a sign to the effect of we value our children or whatever drive carefully, does anyone here know who's idea that was?

J. Councilperson Jay Duke: I don't know but it was a great idea because no one ever use the thirty five, I travel that road every day I am sorry I not suppose to make any comments but thank you for whoever made that suggestion.

K. Doug Martin: I don't know if there is a plan but I am hoping there is a plan to put those signs where the speed zones signs are for the school area both on Bush and on Chestnut and let someone that is traveling through know that we do value our children and it's fifteen miles an

hour, I think it is an excellent idea so I guess nobody here had anything to do with it? That is truly amazing maybe it's the State anyways if you choose to you might suggest that those signs additionally be put up in the school zone might help in your school zone.

L. Mayor Dana Holbrook: Thank you Doug, any other public comment, alright we will move onto the last agenda item which is #11 which is adjournment

11. Adjournment. (Possible Action Item)

- A. Councilperson Jay Duke: Move to adjourn.*
- B. Vice Mayor Lincoln Litchfield: Second.*
- C. Mayor Dana Holbrook: All in favor?*
- D. Councilperson Jay Duke: I*
- E. Councilperson Bob DeMars: I*
- F. Councilperson Pam Griswold: I*
